

ReNEWed® International Mechanical I-6 Engines Get the Job Done

MODEL YEAR 1975-93 DT/DTA 466 A, B & C SERIES (LEGEND) ENGINES MODEL YEAR 1987-93 DT/DTA 360 SERIES (LEGEND) ENGINES
MODEL YEAR 1994-97 DT408/DT466P/I530P (PLN) ENGINES

International offers remanufactured I-6 short blocks, long blocks, premium long blocks and running engines that deliver superior reliability over a rebuilt or aftermarket remanufactured engine.

FACTORY-TESTED CONFIDENCE

- Factory-tested engines meet OEM standards
- Each part is fully inspected, not just spot inspected
- All fuel system work is done by a team of experts
- Short and long blocks are spin tested to assure specified oil pressure and running resistance
- Running engines are dynamometer tested to assure maximum performance under load
- 100% of high-wear parts, damaged and worn-out components are replaced

BACKED BY A LIMITED WARRANTY

- Short and long blocks are covered for 12 months/unlimited miles
- Running engines are covered for 24 months/unlimited miles
- Fuel injector nozzles, fuel pumps, fuel injection pumps, sensors, sending units and turbochargers installed by the suppliers are covered by this limited warranty for one year

REBUILT VS. ReNEWed®

Don't confuse the two! Rebuilt engines and components are usually done in a local shop and standards vary widely. Rebuilders do not have access to engineering prints or improvements and can only replace obviously worn or broken parts. Others are cleaned and simply reused. Diagnosing issues can be tricky. Not addressing the cause of failures leads to failure again and again.
